These skills are critical to the success of HR professionals working within organizations in addition to preparing you for entering the HRCI distinguished exams

Employment & Labor Relations
Human Resources Development
Total Rewards
Strategic HR Management

Healthcare Management

Achieving our MBA with Healthcare Management concentration increase your career potential in the fast-growing field of health care management, where a master's degree is the standard credential for most positions. Students in the Health Care Management Concentration will develop the managerial skills emphasized within the MBA required course of study in the context of challenges faced in the healthcare industry. The curriculum is designed using guidelines outlined by the Commission on Accreditation of Healthcare Management Education, includes a thorough study of health care strategic and financial management, health care policy analysis, and legal and ethical considerations within the industry. People who choose this specialization are often pursuing mid-level management or executive positions in the health care industry or in organizations serving the health care industry.

Health Care Operations and Quality Assessment
Health Policy, Ethics and Law
Health Care Financial Management
International Epidemiology and Global Health

Eligibility

Eton University welcomes applications from graduates of all fields who are interested in MBA study. The following are required for application:

- A pass in recognized Bachelor's Degree in any discipline of minimum 4 years duration
- A minimum of two to three years of work experience is preferable; preference will be given to candidates with work experience.
- Valid TOEFL exam with minimum scores 550 on the paper based TOEFL and 213 on the computer based TOEFL.
- A letter of recommendation is required from your current workplace or from someone who has had a chance to evaluate you in a professional setting

*Candidates short listed will be requested to write a personal essay.

Marketing Management

Achieving our MBA with marketing management major credential demonstrates you have mastered the core knowledge and competencies required for employment as Marketing Manager, Regional Marketing Manager, Marketing Director, Vice President Of Marketing, Chief Marketing Officer or any individual or company owner responsible for marketing management and who has direct reports in addition to Marketing Educators and Marketing Consultants who specialize in marketing management. This concentration also prepares you for Certified Marketing Executive distinguished exam.

Developing & Implementing Marketing Strategies
Marketing Communications
Managing Customer Relationship
Global Marketing

Project Management

Achieving our MBA with Project Management Concentration will build upon the managerial skills developed in the MBA required course of study by developing an understanding of project management concepts, applications, and the five processes that define project management. The concentration is based on standards as tested by the Project Management Professional (PMP) certification examination. Examine how to analyze and streamline complex, large-scale endeavors into efficient project plans. You will be taught to strategize, plan, schedule, implement, and determine project deliverables, milestones, and responsibilities, making sure that business needs are being addressed and costs are managed.

Strategic Project Management
Project Initiation, Planning, and Execution
Project Cost and Schedule Monitoring and Controlling
Project Risk, Quality, Procurement Monitoring and Controlling

Completion Requirements

Eton University MBA program in its two learning formats; distance learning and in our campus-based program, consists of 48 credit hours (16 MBA courses).

- Satisfactory completion of all requirements in the program of study
- A minimum grade point average of at least 3.0 (on a scale of 4.0) and a grade of "B-" or better in all required courses
